Workshop Evaluation

Submitted by: Singapore

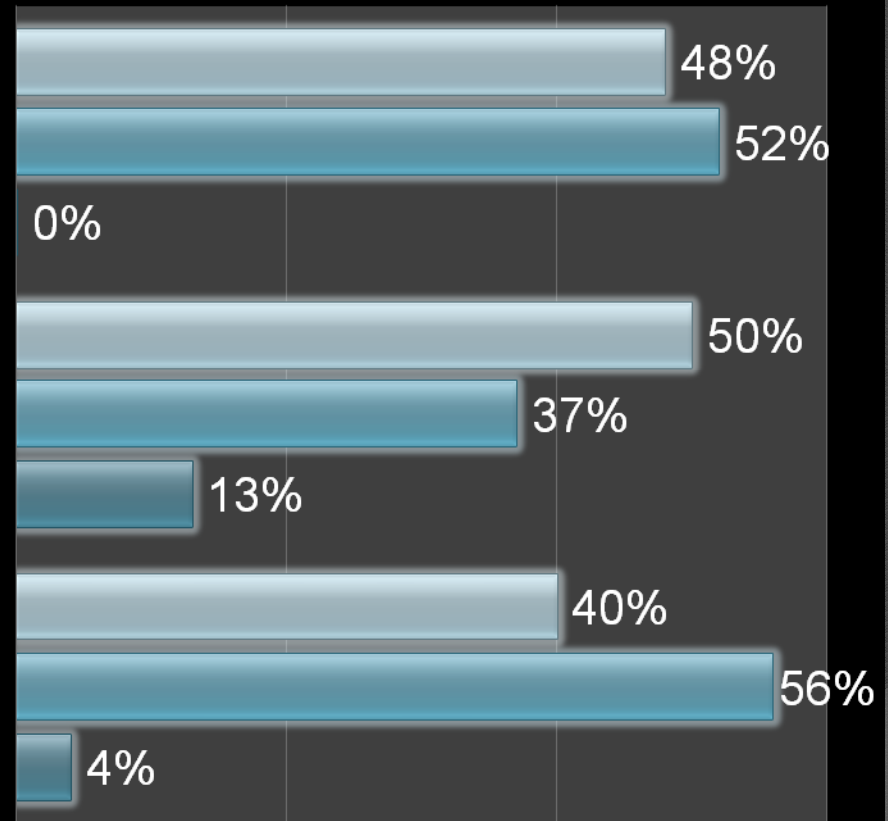

**Workshop on Reforming the Regulatory
System for Construction Permits
Singapore
18-22 October 2010**

Meeting Learning Objectives – Participants response

Increased my knowledge of regulatory strategies and innovations for construction permit reform, and the success factors in implementation

Helped me to better analyse permit issuance processes in home economy and identify possible areas for improvement

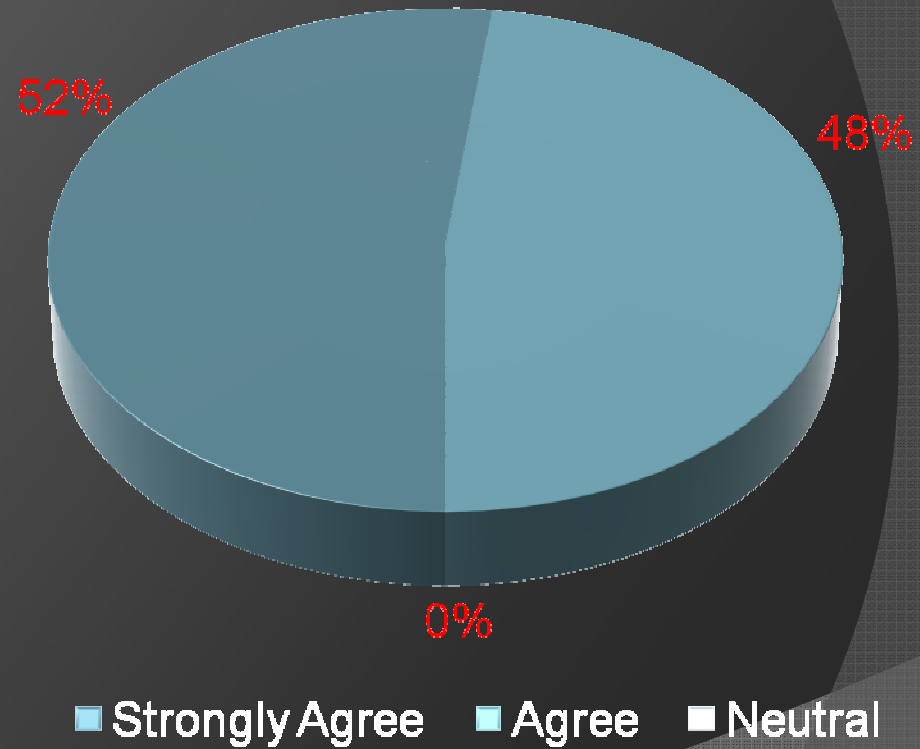

Detailed case studies on re-engineering and reforming served as useful reference for my economy

■ Strongly Agree ■ Agree ■ Neutral

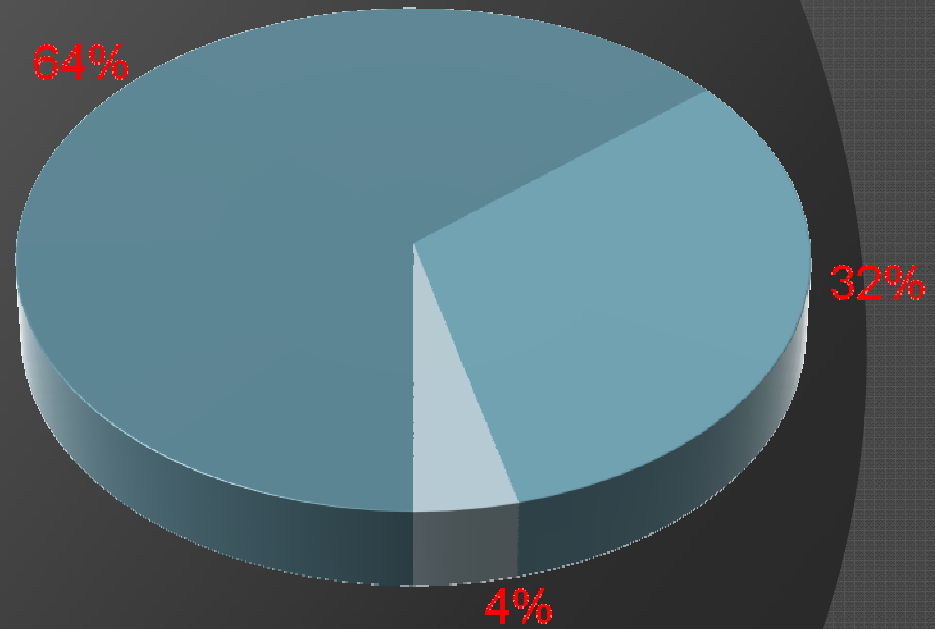

Meeting Quality – Participants response

Satisfied with the overall quality of the workshop:
Format and Mix,
Range and
Depth, Speaker
Expertise

Providing Support – Participants response

Satisfied with the administration and logistical support for the workshop

■ Strongly Agree ■ Agree ■ Neutral

Effectiveness of Presentation – Participants Response
