Peru’s Experience on FTA Development and Negotiation Skills on E-commerce

Yuly Ninanya Diestra
Ministry of Foreign Trade and Tourism

Indonesia, June 2013

Geographical Situation
Network of Trade Agreements

Key Issues in E-Commerce

• Timing
• Domestic policies and regulations
• Security and Efficiency
• Transparency and Predictability
• International Harmonization
Negotiation in E-Commerce

- No apply customs duties or any other cargo customs
- Transparency and predictability
- Consumer Protection
- Protection of Personal Data Regulation and exchange information and experience

- Electronic publication of all documents required for the import and export of products
- Electronic equivalent of the paper
- Cooperation to facilitate the use of e-Commerce by micro, small and medium companies
- Promote initiatives paperless trade
Thank You
