Introduction to China Public–Private Partnership Center

Submitted by: China
Introduction of China PPP Center

XIE Fei
China PPP Center

Iloilo, Philippines July 2015
1. To transfer government’s role from management to governance;
2. To transfer public services from government supply only to public-private joint supply;
3. To transfer fiscal management from short-term balance to middle- and long-term balance; and
4. To transfer infrastructure from supply shortage to efficient supply.
Key Works to Promote PPP

1. To set up PPP legal & regulatory framework so as to enable healthy and sustainable development of PPP market;
2. To guide and supervise PPP project development and implementation;
3. To provide appropriate policy supports, such as fiscal subsidy, tax preference; and
4. To make finance department take the leading role of PPP.
1. CPPPC, as an outcome of 21st APEC Finance Ministers’ Meeting, was set up in 2014. It is an important milestone in China’s PPP institutional capacity building;

2. Roles and Responsibilities of CPPPC
   - Policy study;
   - Consultancy & training;
   - Capacity building;
   - Financing support;
   - Information and statistics; and
   - International cooperation.
1. Policy study
   - PPP Operation Guideline;
   - PPP Contract Guideline;
   - Guideline on Value for Money Appraisal (to be ready soon); and
   - Study on PPP law, government fiscal commitment management, risk management, investment and financing mechanism, and information release.

2. Consultancy & training
   - Provide consulting services and trainings to line ministries, local governments & finance departments at provincial and municipal levels, private investors, financing agencies and so on.
The Works CPPPC Has Done (2)

3. Capacity building
   - Take part in appraisal, selection and implementation supervision of PPP pilot projects;
   - Guide local governments to set up PPP Unit, and train their PPP staff; and
   - Set up linkage with PPP departments of all provinces in China.

4. Information & Statistics
   - Set up Domestic PPP Information Platform (in commissioning);
   - Set up PPP Consulting Firm Database soon; and
   - Set up PPP website www.cpppc.org and public Wechat.
The Works CPPPC Has Done (3)

5. International cooperation

- Cooperating with WBG to develop a loan project named *China PPP Reform & Development*, which aims to support setting up PPP funds at local level, and to jointly carry out PPP thematic studies, training and workshop;

- Cooperating with ADB to conduct PPP capacity building, thematic studies, training and workshop; and

- Set up relationships with IUK of Britain, PPP Canada, PIMAC of Korea, Australia, European Investment Bank, and so on.
Each province has identified or set up a specific department in charge of PPP work;

Many provinces have issued their own PPP policies based upon central government policies;

Most provinces have developed and/or implemented PPP projects;

Some provinces, even cities, have set up PPP Units (e.g., Hunan, Fujian, Henan, Hebei and Inner Mongolia); and

Some provinces have set up PPP Financing Facility (e.g., Henan, Jiangsu and Guizhou).
