Working Group on Export Certificates

## 2017-2018 working group items

- In the frame of the APEC Sub-Committee on Standards and Conformance (SCSC), the Wine Regulatory Forum (Good Regulatory Practices Action Plan) through the Working Group on export certificates, after 3 years work, developed an APEC Model Wine Export Certificate for the economies that require this type of certification.
- This certificate will make it simpler and more efficient to trade wine between APEC economies by consolidating the different certificates into a single one usable across the region.

- The commitment from the economies that requires export certificates is fundamental to implement the model certificate during the 2017.

## Text proposal for MRT statement

“We endorse the conclusion of the APEC Model Wine Certificate of the SCSC Wine Regulatory Forum (WRF) and we are committed to widely use the certificate, which will facilitate wine trade in the APEC region. The implementation will enhance the reduction and elimination of technical barriers for wine trade and demonstrate that good regulatory practices could benefit MSMEs.”
