Breakout Groups - Questions

Submitted by: United States

**APEC Gender and Structural Reform
Workshop: Improving the Environment for
Women in the Workplace
Puerto Varas, Chile
25 August 2019**

BREAKOUT GROUPS

- Each group should assign two positions:
 - A note-taker to capture discussions
 - A person who will share your discussions with the larger group
- Each group will discuss these three questions:
 1. What gaps have you heard about today and which of those gaps could be effectively addressed by the Economic Committee?
 2. How can the EC and APEC work to capture and facilitate learning between economies for capacity building?
 3. Knowing that the APEC Gender and Structural Reform work has just started, what would you recommend as the next steps for the initiative to advance progress?
