Keynote Speakers

Alejandra Candia: Ms. Candia holds a degree in Business Administration and a master's degree in Economics from Pontificia Universidad Católica de Chile, as well as a master's degree in Public Administration from Harvard University. She has served as the Director of the Social Program of the thinktank Fundación Libertad y Desarrollo since 2014, overseeing the analysis and research into economic and social policies, particularly in areas related to social security, poverty alleviation and income distribution, health and education.

She was the Director of the Social Security Research Unit for the Social Welfare Undersecretary of Chile in 2013 and 2014. She was Chief Coordinator of Social Policy for the Treasury Ministry in 2011 and 2012.

José I. Larios: Mr. Larios is the Fiscal Economist at Inter-American Development Bank. He is a public finance expert and senior project manager with more than 20 years of experience advising ministries of finance around the world on budget planning and expenditure, tax policy, and tax administration. He has managed public sector finance projects with USAID, the Inter-American Development Bank (IDB) and the World Bank. During 10 years with the IADB, Mr. Larios has led public policy dialogue on fiscal and financial issues in El Salvador, Guatemala and Peru and managed concurrent projects amongst the 3 countries, each with their respective budgets, technical and administrative staff.

Mr. Larios has a Master of Arts degree in Public Administration from the Harvard University and a Master of Arts in Applied Economics from the San Francisco State University

Ricardo Triana: Mr. Triana is an international speaker, and consultant specialized in Strategy and Organizational Project Management. Mr. Triana has worked for private and government organizations across America, Europe, and Asia. He has managed several programs and projects across different industries such as Government, Mining, Construction, and development projects. Currently, he is Managing Director of Practical Thinking Group, and additionally, he acts as Project Management Advisor with the United Nations Office of Project Services (UNOPS).

Mr. Triana is a graduate of the Project Management Institute (PMI) Leadership Master Class, and he has held volunteer leadership positions with local and global communities, standards projects, and PMI congresses. Ricardo was a member of PMI Global Board of Directors for 2010-2015 and was its Chairman during 2014.

Eduardo Contreras: Mr. Contreras was recently Academic Director of the Master in Management and Public Policies of the University of Chile. Currently, he is Adjunct Professor of University of Chile. His area of specialization is Finance, specifically the field of Private and Social Project Evaluation. He has developed consultancies for companies, governments and international organizations. He is the author of many books such as: "Methodological Manual of Multicriteria Evaluation for Programs and Projects"; "Design and Evaluation of Projects: an integrated approach"; "Social evaluation of public investments: alternative approaches and their applicability for Latin America."

Mr. Contreras is an Industrial Civil Engineer from the University of Chile, with an MBA from ESADE, Barcelona and a Doctorate in Business Sciences from the Autonomous University of Madrid.

Jae Young Choi: Mr. Young has been the Director for Infrastructure and Transportation Budget Affairs, Budget Office, Ministry of Economy and Finance (MOEF) of the Korean Government. Also, Jae has been the Director of Legal, Legislature, and Judicial Budget Affairs, in the same ministry. Currently, he is a Korean Government Officer providing service to the Inter-American Development on issues of public project evaluations.

Jae-Young Choi has a Master of Public Administration of the Seoul National University and a Master of Business Administration (MBA) of the University of Nevada.

Daniela Chacón: Ms. Chacon is the Executive Director of TANDEM Foundation, and she is the co-founder of the “Women in Movement Initiative”, which is a Latin-American network to promote women leadership in transport and sustainable mobility. Chacón served as city councilor of Quito, Ecuador from 2014-2019 and was appointed Vice Mayor by Quito’s City Council. As Vice-president of the Mobility Legislative Committee, Chacón led the approval of legislation to promote sustainable mobility and car-sharing initiatives; and created the city’s program to improve the quality of public transportation services.

Chacón is a lawyer from University San Francisco of Quito with a postgraduate degree in Public Administration from The George Washington University.

Denisse Miralles: Ms. Miralles is the Director of Decentralized Investment Management, PROINVERSIÓN (Government of Peru), fulfilling functions of advocacy and technical assistance for development projects with a public-private investment of regional and local levels. Ms. Miralles has more than 16 years of professional experience in the public sector on issues related to tax policy, fiscal decentralization, and public-private investments. She held positions of responsibility in the Tax Administration Service (SAT), Ministry of Economy and Finance (MEF).

Ms. Miralles is an Economist Engineer from the National University of Engineering (Peru) and holds a Master in Public Policy and Taxation at Yokohama National University (Japan). Also, she has infrastructure studies at Harvard Kennedy School (USA).
