Let's work together!

## Our Plan for the Year: Back-to-basics

# Priorities

Digital  
Society

Women,  
SMEs and  
Inclusive  
Growth

Sustainable  
Growth

Integration  
4.0

# Digital Society

- **General Description**

- Increasing the participation of people in the global economy taking advantage of the characteristics of the digital society.

- **Main expected outcomes**

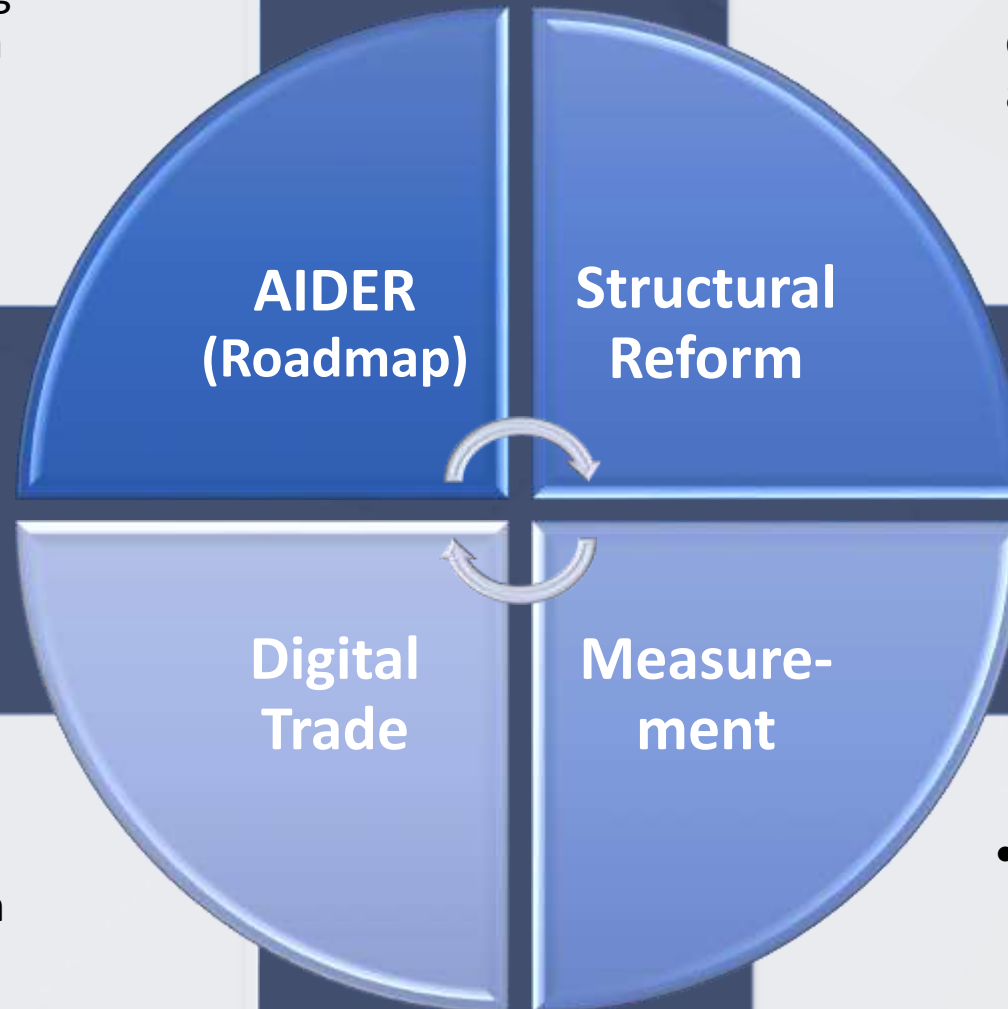

- Reduce the existing digital divides
- Foster regulatory compatibility to improve the digital economy in the region

# Deliverables under Digital Society

- Develop a monitoring and reporting system

- Lead the 2019 AEPR on Structural Reform and the Digital Economy

- Develop recommendations on trade aspects that facilitate digital trade

- Identify methods of measuring the Digital Economy

# Integration 4.0

- **General Description**

- Connectivity - in its physical, institutional and person to person dimensions - is fundamental for international trade. Connectivity is an instrument to achieve Integration 4.0.

- **Main expected outcomes**

- Advance on Smart borders
- Smart logistics
- Foster talent mobility

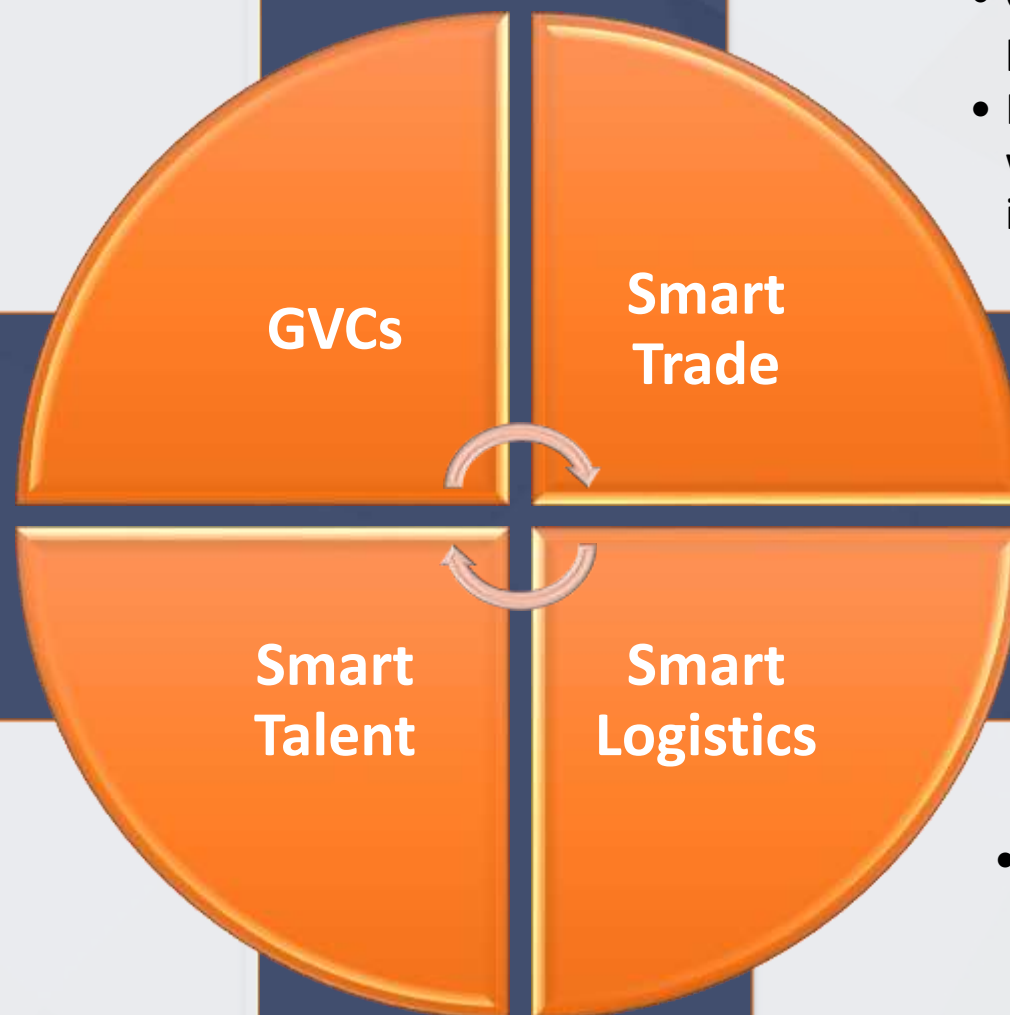

# Deliverables under Integration 4.0

- Blueprint for Promoting GVCs Development, focus on SMEs

- Good regulatory practices
- Promote single window interoperability

- Skilled Visa Programs (Compendium of Current Practices)

- Guide on Authorised Economic Operator programs and MRAs

# Women, SMEs and Inclusive Growth

- **General Description**

- Visualizing and enhancing the role of women and SMEs as a source of development and economic growth.

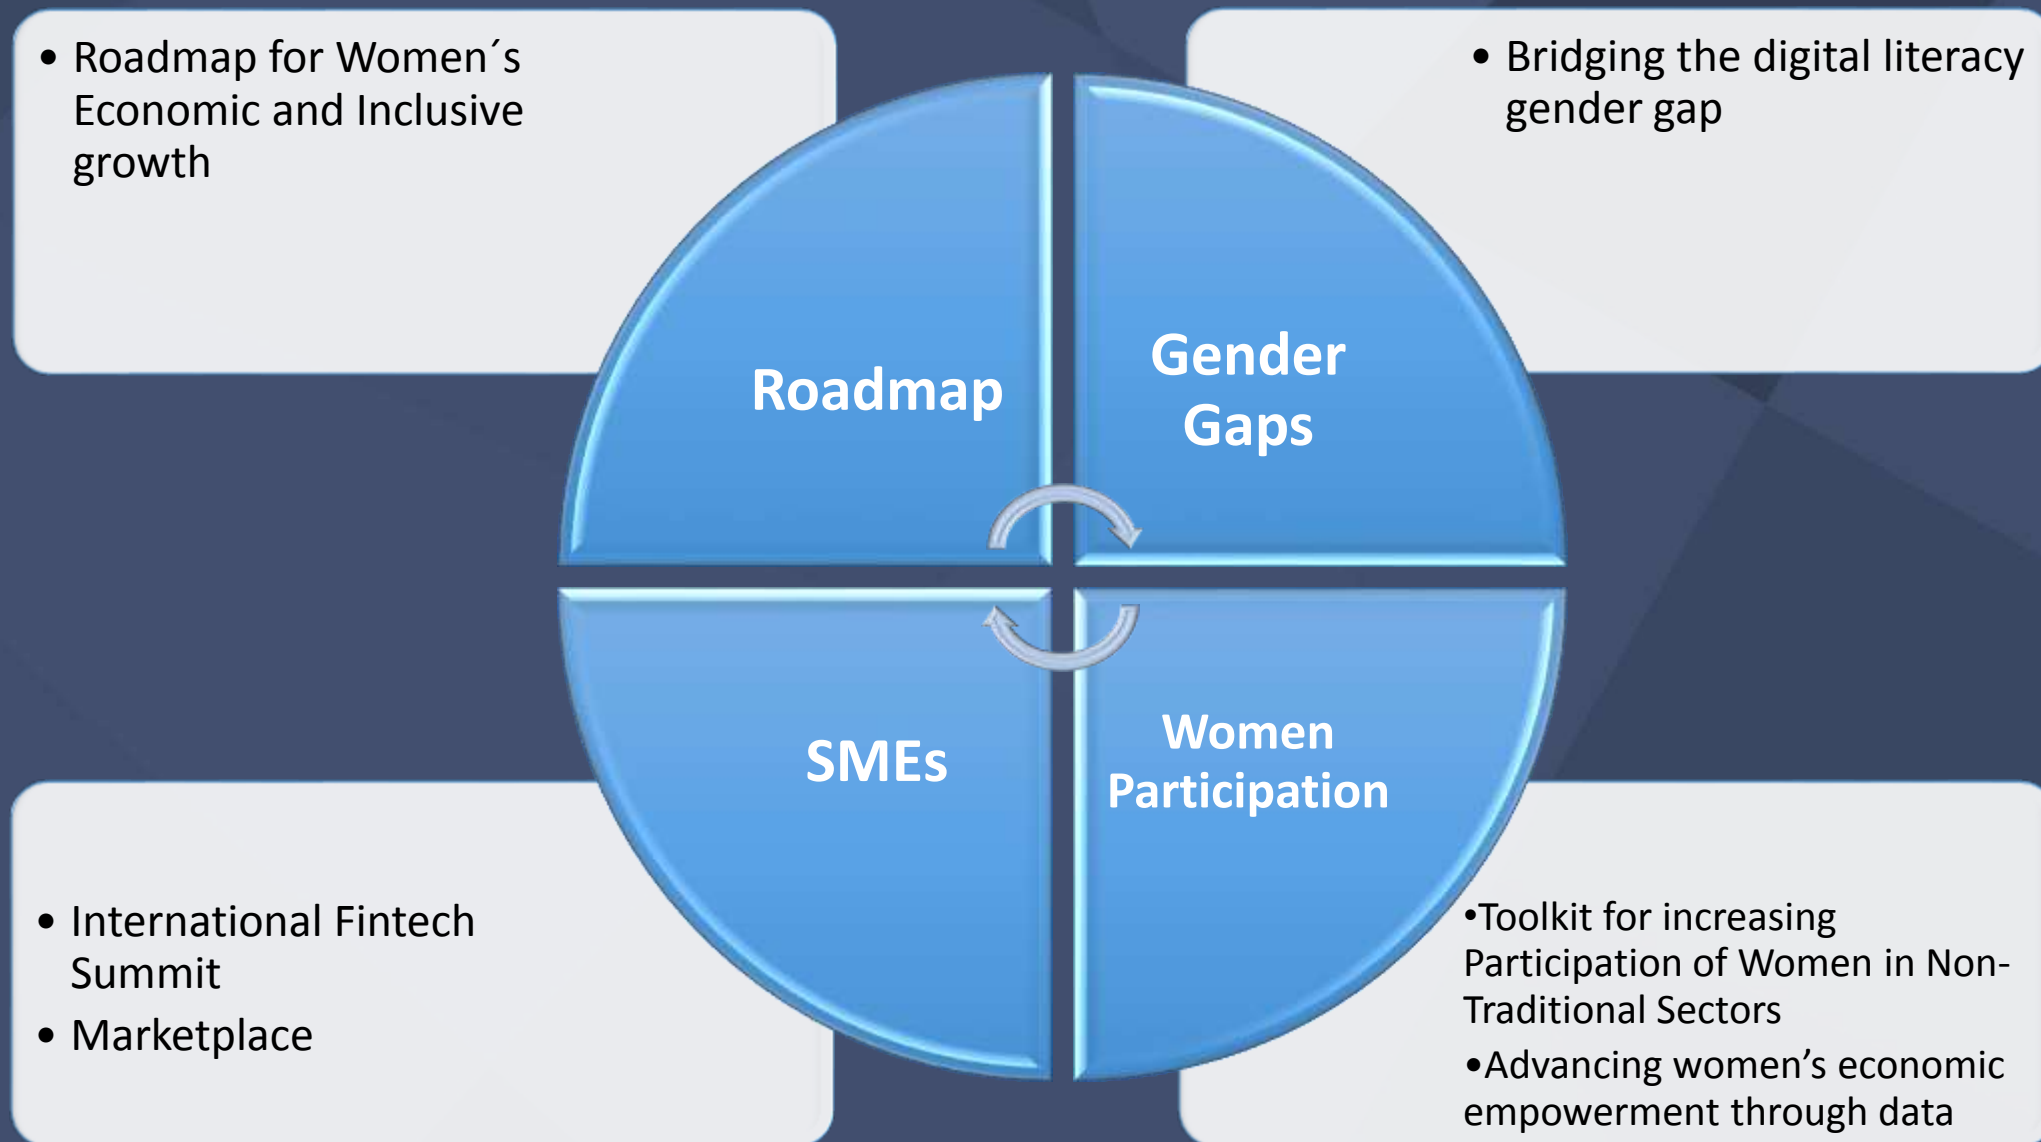

- **Main expected outcomes**

- Promote greater participation of women in the economy and in international trade.
- Promote the development, growth and competitiveness of SMEs.

# Deliverables under Women, SMEs and Inclusive Growth

# Sustainable Growth

- **General Description**

- We have to think how to meet the needs of the present without affecting the future generations.

- **Main expected outcomes**

- Protection of our oceans
- Sustainable Energy
- Smart cities

# Deliverables under Sustainable Growth

- Plastic reduction, mercury substitution and coastal garbage monitoring

- Combat IUU fishing

Marine Debris

Illegal Fishing

Sustainable Energy

Energy in APEC

- Flexible electrical systems and energy in remote areas

- APEC Energy Vision Post-2020

APEC   
CHILE 2019
