A Private Sector Perspective on Waste Management and Recycling - - Indorama Ventures

Submitted by: Indorama Ventures

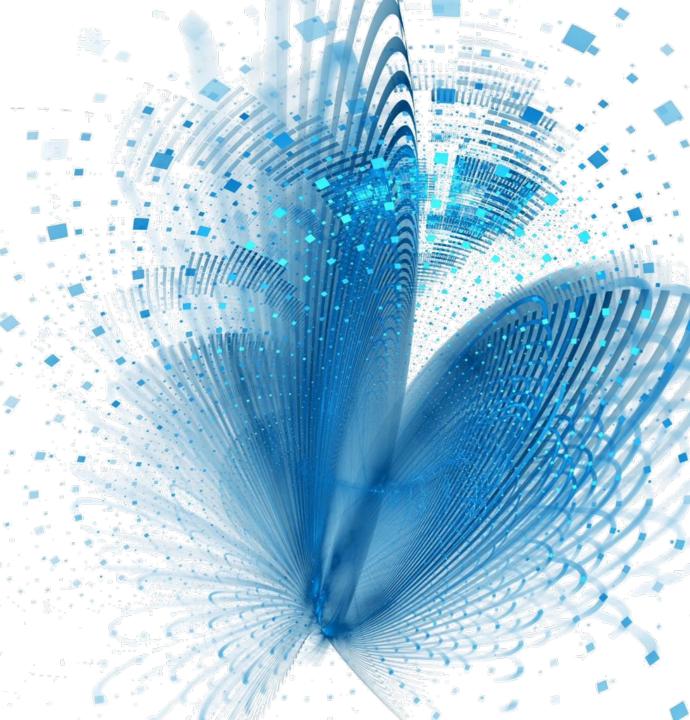

Webinar on Improving Waste Management and Recycling Policies in the APEC Region 17 June 2021

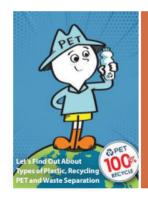

A Private Sector Perspective on WMR

APEC Webinar, 16 June 2021

Indorama Ventures' school waste management & recycling program

Last year, we released and distributed our 'Let's find out about types of plastics, recycling PET and waste separation' booklet. Our edutainment and waste separation video was prepared in Spanish, while our new animation on the PET recycling process provides a fun and easy to understand visual option. We achieved remarkable progress on recycling education in 2020 despite the pandemic.

Globally

6,109 kg.

Donated

2030 Target

Educating **one million** consumers around the world on recycling

Donated

2020 Recycling Education	27,906 People Received Trainings	2,806 Students	153 Teachers	23,562 Public and Community People
60 Schools	Public Sector, Organizations and Government	34 Virtual Trainings	30 Classroom Trainings	732 Teaching Hours
5 Public Events	24 Recycling Talks	279 Recycling Articles	725 Downloads of Recycling Education Materials	96 Downloads of Recycling Education VDOs
250 Recycling Bins	511 rPET Shirts	6 Recycling	424,530 Bottles Collected	Bottles Returned to Recycling Factories

Factory Visits

Not all plastic is the same...

PET is fully recyclable & the most recycled plastic packaging in the world

Common A G CONTRACTOR single-use applications Beverage bottles Rigid: Milk jugs Rigid: blister packs Yogurt containers Foam containers Shrink films Flexible: food films Food trays Flexible: Grocery bags Container Lids Bottle caps Cutlery Resin **Symbol** PETE Commonly Almost never Recyclable **Sometimes** (for rigid containers) Commonly Almost never Almost never (downcycled for bottle Almost never (mostly downcycled) caps) (for grocery bags) ~30% Recycling ~55% (for rigid HDPE <3% ~8%2 <2% ~1% Rates (for PET bottles) containers)1 (global)

What drives Waste Management and Recycling?

Strong progress towards 2025 recycling target despite pandemic

2025 Global Commitment

Incorporate

>750 KTA

of post-consumer PET material as feedstock into our polyester production per year

Recycle

50 billion bottles per year

Invest

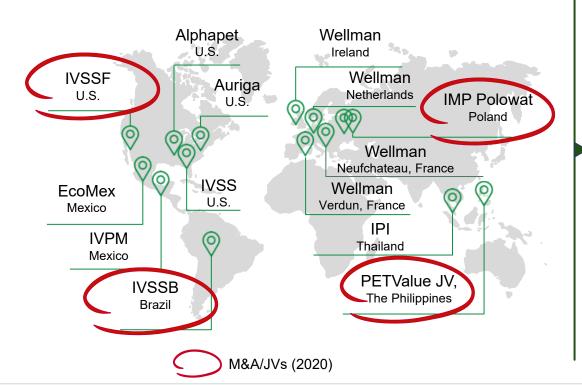

\$1.5B

Leverage

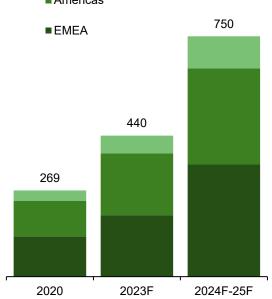

30+ yrs of recycling experience

IVL global recycling strategy on track

Expanding our global footprint 15 recycling plants (4 acquisitions/JVs 2020)

Growing our volumes Recycled PET Capacity (KTA) Asia Americas EMEA

Indorama Ventures PCL: Committed Towards A Sustainable Future

Our Contributions to the UN SDGs

With a strong focus on creating value for the 3Ps - People, Planet and Prosperity, we continue to support and contribute to the UN SDGs.

Recycling and Circular Economy
