GOAL: EXPAND ORGANIC SOCIETY
Upstream

Organic fruits, vegetables and herbs from local farmers

Traceability

Midstream

Manufacture organic products, with the least environmental impact at our own GMP certified factory

Downstream

Traceable organic products

3% of sale donated to Sookjai Foundation

Organic products and experience to our customers
Certified Organic Certificate

Patom Organic Farm has continued to maintain 3 international organic standards since 2012.
Our 15-acre farm is certified to international organic standards (IFOAM, EU and Canada). It provides us with organic herbs, vegetables, and fruits for our restaurants and Patom organic products.

Experience our workshops where you can learn different aspects of organic farming.

Step safely out of your comfort zone and open your senses to connect to nature.

Our brand’s emphasis is on traceability, leading us to create Patom Organic Village, where you can follow the journey of new materials from farm to product.

Follow the nucleus of our seasonal ingredients, which we source from our network of farmers. Walk in the footsteps of our farmers, crafters, and artists to understand the processes of design from our ancestors to present day, and how we integrate traditional knowledge and local wisdom to create Patom lifestyle products.
Traceable Organic Products
Production with Traditional Thai Wisdom in mind

Integrating local organic raw materials with health benefits
