15th Good Regulatory Practice Conference – Graphic Notes

Submitted by: Thailand
APEC is for strengthening coordination among economies and to find ways to tackle challenges.

GRPs: Tools to enhance cooperation and cross border trade.

Laws & Regulations: Review to reduce trade barriers.

Regulator + Policymaker = compromise + enforcement.

Technology: Principle-based advancement for all people (protect vulnerable groups).

Communication: Meaningful engagement with small and dispersed stakeholders.

YUCA World Pandemic Response:
- Quick & Responsive
- Agile Regulation
- Digital
- Environmental Sustainability

1. Steer Development and Promote Infrastructure (i.e., e-payment)
2. Develop Good Practice and Bring Policy Outcome to Practice
3. Technology Principle-based Advancement - For all people (protect vulnerable group)
4. Communication - Meaningful engagement with small and dispersed stakeholders
5. Economic Incentive + Proper Structure & Framework for better behavior change

Key Success:
- Strong Gov. commitment
- Firm determination across all agencies

Dr. Veerathai Santiprabhob

APEC 15th Good Regulatory Practice Conference (GRP15)/24 August 2022
@ Shangri-La Hotel Chiang Mai, Thailand

CDR Build upon OECD GRP
Day to Day Response improve practice
Real-time Responses to the Covid-19 Pandemic

AGILE Regulations with Agile Government is KEY

Application + Super App
- as Government Tools & Responses to
  - Connect, communicate
  - Support Health, Welfare, Drive Domestic Economy
  - Collect Data, tracing contact
  - with Citizen

Challenge
- Building + Scaling Digital Services
- Privacy + Cyber Security
- Regulation Revisions

Application
- Government + Private Sector
- Cross Agencies Data

Document
- Electronic Signature
- 5 Days
- Shorten Approval from 10-20 days

INNOVATION
- Help solve business problem and improve regulations

APPLICATION + SUPER APP
- as Government Tools & Responses to
  - Connect, communicate
  - Support Health, Welfare, Drive Domestic Economy
  - Collect Data, tracing contact
  - with Citizen

INTEGRATE DATA ACROSS AGENCIES
- Citizen-Centric Services
- Better analytic help
- Fast Adoption of Digital Tools

PERPPU
- Government Regulation in Line of Law
- Digital Transformation: Implement Technology
- Digital Adoption in Business Sector

Dr. Asis Unyapath

MyMudah
- Government + Private Sector
- Cross Agencies Data
- Work with Evidence-Based Approach
