Bureau of Foreign Trade of Chinese Taipei
Organizer:

China：	Chinese Taipei：
APEC e-Commerce Business Alliance	**Institute for Information Industry**
China International e-Commerce Center	**Trade-Van Information Services Co.**

1

Project Objective

To construct a assessment on the standards, barriers, best practices for paperless trading that would make domestic frameworks more compatible to international practice

This project will identify the best practice, its critical success factors (CSF) and key performance indexes (KPI) for cross-border paperless trading, from perspectives of government regulatory and private business processes

2

Project Implementation

- **Pre-Symposium Preparation:**
  - Field study/assessment of e-trade development status of developed/developing economies
  - Questionnaire survey and questionnaire responses analysis
- **Two-day Symposium in Beijing:** Experts with skills will deliver speeches to share their experiences and communicate with participants
- **Two-day Forum and Workshop in Taipei:** Representatives from APEC member economies will be grouped to discuss concerned issues and finally work out a best practice. Recommendation or guideline will be formulated in the last day of the symposium by all participants.
- **Post-Symposium Output:** A recommendation or guideline and final assessment report will be prepared by the hosting economy and submitted to ECSG
