International & Organizations
FAO, OIE, UNEP, IPCC, IEA, IMF, ADRC, ASEAN...
Asia-Pacific Food Security Information Platform (APIP)

Structure of APIP website

- There are two APIP accounts. One is for the host Economies and the other is for APIP Administrator.
- Administrator has a role to check and approve the information that each economy submits or uploaded.
- Each economy can have an account to edit their information by themselves.
- These categories are at the top of information. The number of this categories are limited.
- We can increase sub categories at this level if you need.
Asia-Pacific Food Security Information Platform (APIP)
