Economic Cooperation**

2019/EPWG/DIA/005

Agenda Item: 6

Highlights of “Plant Back Better” Initiatives

Submitted by: Chinese Taipei

**APEC Resilience Week
Taipei, Chinese Taipei
30 September - 2 October 2019**

**Asia-Pacific
Economic Cooperation**

1.Helping vulnerable areas

To promote capacity building by adopting smarter and disaster-resistant vegetable plantation

2. Preparing for disasters

Mainstreaming DRR for building up community resilience with respect to local knowledge

3. Recovering from disaster impacts

To revitalize local micro economic activities efficiently and effectively

CLIMATE-SMART AGRICULTURE

An aerial photograph of a vast agricultural landscape. The majority of the frame is filled with bright green, rectangular fields, likely rice paddies, showing distinct patterns of water and crops. On the left side, there is a grey, paved area, possibly a road or a parking lot. A small, irregular patch of trees and shrubs is visible near the top center, and a larger, more dense cluster of trees is in the bottom right corner. The overall scene is a high-angle view of a rural, agricultural setting.

FOOD SECURITY

A photograph of two children running on a paved street. The child on the left is a boy wearing a light green t-shirt with a graphic and purple shorts, running with his mouth open. The child on the right is a girl wearing a light blue t-shirt with a bear graphic and striped shorts, running with her hands up. In the background, there are other people, a pile of dirt, and some vegetation. The text "GENDER EQUALITY" is overlaid in large white letters across the middle of the image.
