**Workshop on Facilitating Access to
Open Government Data
27 July 2022**

Agenda

Facilitating Access to Open Government Data Workshop July 27, 2022, 9pm Eastern Daylight Time (EDT) July 28, 2022, 8am Indochina Time (ICT)

SESSION	
10 minutes	<p>Opening Remarks and Setting the Stage</p> <p>Ms. Carrie Esko, Director for APEC Affairs, Office of the U.S. Trade Representative</p>
<p>Session 1 35 minutes</p>	<p>Initial Findings of the Study: Facilitating Access to Open Government Data: Frameworks and Practices</p> <p><i>This session aims to provide an overview of the study by introducing the advantages of facilitating access to open government data (OGD) and the different mechanisms and initiatives through which government data is voluntarily shared. The session will also look at how different types of organizations across a diverse range of sectors utilize OGD for economic growth.</i></p> <p>Ms. Grace Gown, Head of Global Government Advisory, Access Partnership</p>
<p>Session 2 45 minutes</p>	<p>Landscape: Open Government Data Initiatives and their Impact</p> <p><i>This session highlights the many ways in which public-sector organizations are framing, developing, and implementing OGD principles and policies across the APEC region. It is important to see what OGD initiatives are already achieving and facilitating across APEC member economies, what impacts they are delivering, and what can be expected in coming years when properly enabled. This session will highlight three case studies and will feature the innovative and transformative applications that APEC governments are driving and supporting as part of voluntary data sharing and data collaboration initiatives.</i></p> <p>Moderated by: Ms. Grace Gown, Head of Global Government Advisory, Access Partnership</p> <p>Ms. Wilfreda Edward-Dolcy, Open Data Specialist, Treasury Board of Canada Secretariat</p> <p>Mr. Pablo Villareal Soberanes, Head of Mexico's National Digital Platform, Executive Secretariat of the National Anti-Corruption System (SESNA)</p>
<p>Session 3 45 minutes</p>	<p>Operationalization: Open Government Data Policies for Widespread Adoption</p> <p><i>This final session will examine the policy implications of OGD and present some key policy areas that are being featured in APEC-level discussions, identifying where APEC can be</i></p>

	<p><i>impactful in helping support data-driven business models and emerging ecosystems. In particular, this session will explore some of the common features of OGD approaches being implemented in APEC economies while also exploring the challenges that can arise during the design and implementation of enabling policy tools. This final session aims to spur discussion on best practices in this space and how the respective policy frameworks of APEC economies could better align.</i></p> <p><i>Moderated by:</i> Dr. Peter Lovelock, Principal, Fair Tech Institute, Access Partnership</p> <p>Mr. Arturo Rivera, Lead – Data-driven Public Sector & South-East Asia, Digital Government and Data Unit, OECD</p> <p>Ms. Nanda Sihombing, Senior Program Manager for Asia, Open Contracting Partnership</p>
5 minutes	<p>Wrap Up</p> <p>Ms. Carrie Esko, Director for APEC Affairs, Office of the U.S. Trade Representative</p>
