PRINCIPLES FOR PREVENTING AND REDUCING FOOD LOSS AND WASTE (FLW) IN APEC ECONOMIES

CONTEXT

Relevance

- 1.3 billion tons of food gets lost per year.
- Food lost and wasted could feed 1.26 billion hungry people each year.

Background

- APEC Putrajaya Vision.
- The Aotearoa Plan of Action.
- Food Security Roadmap Towards 2030 and its implementation Plan.

Objective

- To support APEC economies to design and implement effective policies to reduce and prevent food losses and waste, strengthening their food systems.

PRINCIPLES FOR PREVENTING AND REDUCING FOOD LOSS AND WASTE (FLW) IN APEC ECONOMIES
